3RIVERS FEDERAL CREDIT UNION

Quick Login Disclosure

Touch ID™ for Mobile Banking

Touch ID is an optional fingerprint sign-in method for Three Rivers Federal Credit Union's ("3Rivers") mobile banking app that is currently available for most **Apple®** devices that have a fingerprint scanner. To use Touch ID, you will need to save your fingerprint by going to "Settings > Touch ID & Passcode" on your Apple device to complete the setup. For more help with fingerprint scanning, contact Apple support at apple.com/support. Fingerprints are stored on your device only; 3Rivers never sees or stores your fingerprint information. You acknowledge that by enabling Touch ID, you will allow anyone who has a fingerprint stored on your device access to your personal and payment account information within the 3Rivers mobile banking app. 3Rivers reserves the right to suspend or disable this feature at any time. Touch ID can only be associated with one mobile banking username at a time on a device. If your device doesn't recognize your fingerprint, you can sign in using your password. To use Touch ID for mobile banking on multiple devices, you will need to set it up for each device. You can enable or disable Touch ID anytime from within the 3Rivers mobile banking app.

Apple and Touch ID are trademarks of Apple Inc. Currently, fingerprint sign-in for 3Rivers mobile banking is only available on compatible iOS devices.

Fingerprint Login for Mobile Banking

Fingerprint Login is an optional fingerprint sign-in method for 3Rivers mobile banking app that may be available for certain **Android®** mobile devices that have a built-in fingerprint scanner. To use Fingerprint Login, you will need to first save your fingerprint on your mobile device. For more help with fingerprint scanning, contact the manufacturer that supports your mobile device. Fingerprints are stored on your device only; 3Rivers never sees or stores your fingerprint information. You acknowledge that by enabling Fingerprint Login, you will allow anyone who has a fingerprint stored on your device access to your personal and payment account information within the 3Rivers mobile banking app. 3Rivers reserves the right to suspend or disable this feature at any time. Fingerprint Login can only be associated with one mobile banking username at a time on a device. If your device does not recognize your fingerprint, you can sign in using your standard login credentials (entering your password). To use Fingerprint Login for mobile banking on multiple devices, you will need to set it up for each device. You can enable or disable Fingerprint Login anytime within the 3Rivers mobile banking app.

Android is a trademark of Google Inc.

Face ID Login for Mobile Banking

The 3Rivers mobile banking app may support authentication using face recognition ID to login, depending on your device's capability. Once authenticated, you can choose to login to the mobile banking app using Face ID in lieu of entering your user ID and password. If your mobile device offers this functionality, you may enable it directly through your mobile device settings.
